PUBLIC WORKS MANAGER**

1. INTRODUCTION

The Ndwedwe Municipality has a function to maintain all infrastructure asset which includes roads. It is the municipality's objective to appoint service providers to perform the works on the rehabilitation of gravel access roads within the jurisdiction of Ndwedwe Municipality through the hiring of construction plant in order to enhance accessibility for the dwellers in the area. The works is excepted to commence within 14 days from the appointment and allocation of cluster to service provider with a contract duration of 6 months. The specifications that follow must be complied with, when submitting bids for this tender. It is the municipality's objective to appoint service providers to perform the works on various contract areas around the Ndwedwe area for a period of three (3) years on a rotational basis. The specifications that follow must be complied with, when submitting quotations for the Hiring of construction plant.

2. BACKGROUND

As the current tender expired on the 30th January 2019 it is necessary to request bidders to bid for the hiring of plant and equipment on an "as and when" required basis.

3. SCOPE OF WORKS

Hiring of construction plant and equipment to Ndwedwe Municipality for a contract period of three (3) years on a rotation basis for a duration of 06 months in each allocation of a cluster. This is a wet contract.

4. CONDITIONS OF CONTRACT

- The contract between the service providers and the Municipality will be for a total of three (3) years. The service providers in the panel will be rotated on a 06 months basis during this 3-year period. These contractors will rotate amongst the 19 wards stipulated in this contract.
- The rates are strictly monthly and the hourly rates and or standing time does not apply (Saturday and Sundays will only be worked when there is an instruction).
- The successful contractor must be able to respond within 24 hours for breakdown and call out on additional plant.
- The Municipality reserves the right to award any item, or the whole of the contract to one or more successful bidder(s).
- Establishment shall mean that the plant or equipment is delivered and ready for operation at any of the wards as specified in the pricing schedule where accommodation for operators is included on the establishment cost.
- This is a wet rate contract; the contractor must always ensure that there will not be any time loss due to fuel during the operation as there will be penalties impose for any loss of time and the contractor is liable for any damages to vehicles or persons during the process.

PLEASE NOTE: The municipality has allowed for Increase is at 6% per annum of the tender value.
